- The color of your shoes may vary from indoor to outdoor lighting due to the presence of ultraviolet light in the natural light spectrum. We always dye to indoor light unless otherwise specified.
 Indoor Light Desired (Standard) Outdoor Light Desired

Notes:

- If this is part of a bridal party, we prefer you send the shoes in together, or make note of the bride's last name, and how many shoes we can expect to receive for this color to ensure a perfect match here_____.
- Because feet swell during the day, we recommend you try on your shoes late in the day prior to sending them to us.
- Some shoes are not dyeable. Only dyeable Satin or dyeable Crepe/Luxe shoes can be dyed. Check with the manufacturer.
- Dyeable shoes are not waterproof. Dyed shoes are dyed with a water-soluble dye and will run if exposed to water.
- Please allow 7 business days to process your order (not including shipping time). **Dyed shoes are not returnable.**

Please ship your shoes and this order form to:

DYEMYSHOES.COM - 45 Centre Rd. - Somersworth, NH 03878

Personal Checks Are Not Accepted! We cannot dye Nina dyeable shoes!

Please note not all shoes can be dyed.

In general, only white satin and silk shoes that are specifically manufactured to be dyed are dyeable. Shoes manufactured in colored material cannot be dyed (including ivory shoes). If you are unsure if your shoes are dyeable, please email info@dyemyshoes.com or call **800-621-0029** (ask for Laura) - we will be happy to assist you in determining whether or not your shoes are dyeable. DyeMyShoes.com is not responsible for the cost of the return shipping of non-dyeable shoes.
